INDEX.

A

Abdominal section, delivery by, 290
Abscess, pulmonary, 724
Adenocarcinoma of intestine, 54
Adenomyoma uteri, 721
Agglutination reaction of meningococcus against carriers, 443
Amyl nitrite in mitral stenosis, 135
Anemia, pernicious, 400
  post-malarial, 430
Anopheles larvæ, 591
Anthrax, human, 782
Antipoliomyelitic horse serum, 432
Antrum, maxillary, irrigating the, 722
Aortic insufficiency, 509
Aortitis, syphilitic, 41
Appreciation of Dr. Richard M. Pearce (June, 1919)
Armstrong, G. E., anatomical changes and histogenesis in gastritis granulomatosa fibroplastica, 35
Arsphenamin, cause of death from, 433
Arthritis deformans and spondylitis in Egypt, 728
  and infection, 567
  protein therapy in treatment of, 125
Asthma, bronchial, treatment of, 717
Ayer, J. B., obtaining cerebrospinal fluid by puncture from cisterna magna, 789

B

Bacillus hystolyticus, biochemistry of, 444
  influenzæ in sinusitis and meningitis, 431
  in throats and saliva, 725
  "Reading," 727
Bacteria, acid production by, 299
  action of freezing temperatures on, 152
Bacteriemias in the agonal period, 298
Bacterium abortus and related bacteria, 307
Bailey, C. V., renal diabetes, 221
Barron, M., mustard-gas inhalation, 808
Bastedo, W. A., treatment of dangerous hematemesis, 99
Benedict, A. L., speculations regarding the nature of cancer, 742
Benzine poisoning, frequency of, 450
Berger, Emil, binocular loupe for examination of functional troubles of the pupil, 208
Bichloride of mercury poisoning, 348
Binocular loupe for examination of functional troubles of the pupil, 208
Biochemistry of Bacillus hystolyticus, 444
Blake, Clarence John, obituary of (April, 1919)
Blankets and uniforms, sterilization of, 448
Blindness, temporary, 441
Blood, collecting of, for Wassermann test, 442
  corpuscles in man, 859
  creatinine of, in nephritis, 674
  cysts of the orbit, 441
  meningococcus in, 155, 299
  transfusion, 151, 580
Bone, buried, study of, 847
Botulism, 134, 451
Bovine mastitis, 448
Boyer, E. E. H., carcinoma of vermiform appendix, 775
Brain, changes of, in paresis, 271
Brom cresyl purple and litmus as indicators of tubercle bacilli, 446
Bronchial asthmatics, treatment of, with pollens, 409
Brown, G. E., syphilitic aortitis and its early recognition, 41
Bulimia, case of, 356
Burns and scalds, magnesium sulphate for, 434

C

Camus, reëducation of the maimed, 839
Cancer, 588, 742
  delay in treatment of, 34
  immunity, lymphocytes in, 301
  of internal organs, 444
  in Norway, 720
  occupational, 444
  radium in, 855
  of the stomach, 1
Cancerous diseases in Norway, 149
Cantharis, physiological action of, 717
Carbon dioxide, safe limit of, 447
  in working atmosphere, 447
Carcinoma of the duodenum, 182
  experimental, of animals, 300
  of gall-bladder, 67
  of stomach, 848
  of vermiform appendix, 775
  in a young woman, 722
Cardiothoracic ratio, 513
Cash, S. L., left apical impairment in mitral stenosis, 652

Cerebellar injuries due to gunshot injuries, 127
Cerebrospinal fever, 591
fluid obtained from cisterna magna, 789
meningitis, 568
Cesarean section, 575, 580
scar, rupture of uterus through, 289
Childbirth, painless, 582
Chorio-epithelioma, operative treatment of, 576
Christian, H. A., digitalis therapy, 593
Christian, T. B., pathological changes of the brain in paresis, 271
Circulation, tests of functional capacity of, 634
Clark, E., influenza-pneumonia cases showing gas in fascial tissues, 219
Coff, organs of internal secretion, 843
Colon, sigmoid, contractures of, 435
Color blindness, 303
Congenital dextrocardia, 483
Conjunctivitis, tuberculous, treated with tuberculin, 198
Covey, G. W., mustard-gas inhalation, 808
Crowdy, C. T., adenocarcinoma of intestine, 54
Curettage, removal of intestines during, 585
Cystocele, operation for, 144, 145
treatment of, 146

D

Dana, H. W., heart muscle equations, 750
Danzer, C. S., cardiothoracic ratio, 513
Death, a new sign of, 442
Deaver, J. B., pathological possibilities of neglected gall-stone disease, 733
Dermatitis coccidiosa, 589
Dextrocardia, congenital, 483
Diabetes, renal, 221
Diagnostic and clinical relations of certain tuberculids, 313
Dichlorethylsulphide poisoning, 432
Digitalis therapy, 593
Dinitrophenol, jaundice due to, 154
Diphtheria and diphtheroid organisms in open wounds, 147
Diseases, toll of the degenerative, 730
Dock, G., bulimia, with remarks on the causal treatment of some functional diseases, 356

Drugs and poisons, absorption of, through the vagina, 143
Dunham, J. D., epidemic of typhoid fever at Hot Springs, N. C., 608
Duodenal ulcer, 74
Duodenum, carcinoma of, 182

E

Eclampsia, blood in, 141
Ectopic pregnancy, 586
Emphysema, acute pulmonary, 170
Empyema, 156, 571, 572
Encephalitis lethargica, 443
Epiglottectomy by transthyrohyoid access, 723
Epinephrin for the morphin habit, 573
Epiphyseal cartilage plate, injury to, 846
Epithelioma of the scalp, 590
Esophagus, stricture of, 725
Essick, C. R., obtaining cerebrospinal fluid by puncture of cisterna magna, 789
Ethmoiditis in young subjects, 441
Exercise, effect of, on undernourished men, 130

F

Farr, C. E., delay in treatment of cancer, 34
Fats, function of, in immune processes, 731
Femur, treatment of fracture of, 847
Fever, trench, 154
Fractures, compound, 571
Frick, D. J., treatment of soldiers infected with hookworm at Camp Beauregard, La., 189
Friedenwald, J., perforation in cancer of the stomach, 1
Fundus, observation of, during temporary blindness, 441

G

Galactagogue, 573
placental tissue as a, 853
Gall-bladder, carcinoma of, 67
disease complicating pregnancy, 143
Gall-stone disease, 733
Gas, mustard, poisoning 432
Gastric ulcer, 74
